# Welcome

Dear colleagues

We would like to invite you to the 4th Cancer Research Day of the Comprehensive Cancer Center Zürich (CCCZ).

This year's symposium will feature a range of important basic science projects, presentations of the CCCZ transversal brain metastases project and other key collaborative projects as well as disease updates of entities not yet presented in earlier meetings.

We thank you for your interest in the development of oncology in Zurich and specifically the CCCZ.

Kind regards

Rolf Stahel, Prof. Dr. med.  
Chair CCCZ

Markus G. Manz, Prof. Dr. med.  
Directorate CCCZ
